## BOOSTERS WILL TELL WORLD ABOUT CHAIN O' LAKES AT OUT- DOOR SHOW ALL NEXT WEEK

World's Greatest Vac-  
ation Mart Starts at  
Coliseum Monday

Nixon and Britton Will Be  
in Charge of  
Booths.  
FREE COACHES FOR VISITORS

The seventh National Out-Door Life  
Exposition and Motor Boat Show,  
world's greatest vacation mart, starts  
at the Coliseum, Chicago, Monday,  
and continues through the week,  
closing Saturday, May 11. The big  
show is of intense local interest this  
year, due to the fact that the Chain  
O' Lakes will have a big double booth  
for the purpose of advertising to the  
thousands who will visit the Coliseum  
the wonders of the region as a land  
of happy vacations.

Through courtesy of Howard P.  
Savage, head of the Marikoff motor  
coach lines, boosters from the lake  
region are to be furnished free trans-  
portation to and from the Out-Door  
show three nights next week. Tues-  
day will be Antioch night, and the big  
deluxe coach will leave the bus sta-  
tion here at five p. m. standard time.  
There is room for about 30 passen-  
gers, and reservations should be  
made at the News office or with J. C.  
James not later than Monday noon.  
The coach will bring the boosters  
back home after the show. The  
transportation is free.

Lake Villa night is Wednesday, and  
the coach is scheduled to leave Hooper's  
drug store at 5:30 standard time.  
Reservations should be made with  
Mr. Hooper or Frank Hamilton.

Booth Managers Know Region  
John C. Nixon, Antioch, and J.  
Britton, Fox Lake, have been selected  
as booth managers and they will  
have charge of the Chain O' Lakes  
big exhibit next week. Both are  
thoroughly acquainted with the re-  
gion and can be relied upon to see  
that the local exhibit gets its share  
of attention at the show.

The expenses of the big publicity  
program are being met by contribu-  
tions from the live wires throughout  
the Chain O' Lakes, the entire  
project being under the manage-  
ment of the publicity commit-  
tees of the Antioch Business club  
and the Fox Lake Chamber of Com-  
merce, headed by A. M. Krahls as pro-  
moter. Mr. Krahls and others will  
assist at the booth, and it is planned

## FOUR MEN SERVE ON LOCAL BOARD FOR LAST TIME

Winding up the business of the  
year, S. E. Pollock acted as president  
of the Village board for the last time  
Friday night. Frank Dunn, R. A.  
Shultis, and Dr. G. W. Jensen, trust-  
ees, also officially attended board  
meeting for the last time. A vote of  
appreciation and an expression of  
thanks for services were given the  
retiring members of the board.  
Board members were paid for their  
services for the year. The public  
hearing on the Lake street extension  
was postponed until the next regular  
board meeting which is to be May 7  
at 8 o'clock. Bills for the month were  
okayed and ordered paid.

## JOHN WARD WINS FIRST IN REEVES' PAINT CONTEST

Prizes in the paint contest con-  
ducted by the Reeves' Drug store last  
week were awarded to the following:  
John Ward, first; Ed Garrett, second;  
Marguerite Gallager, third; L. W. Pet-  
erson, fourth; Ethel Pesat, fifth, and  
Patricia Simpson, sixth.  
The contest closed Friday. Prizes  
ranged from five gallons of paint for  
first prize, to quart cans of enamel  
and varnish.

**Making Beautiful Faces**  
There is a great difference of opin-  
ion among beauty specialists as to  
methods. Some say you should rub;  
some say you should pat; some say  
you should stroke. Some say the  
stimulation is bad for it.—Farm and

## Commercial Students Will Enter Contests in Palatine Saturday

Shorthand, bookkeeping, and typ-  
ing contests will be entered by Anti-  
och High school students in the dis-  
trict commercial contests to be held  
in Palatine Saturday.  
Those who will enter bookkeeping  
contests are Marie Shetek, William  
Maler, and Marguerite Kufalik. In  
beginning typing, Mildred Robinson,  
Mary Galgen, and Hazel Tweed (with  
Olyve Hansen as alternate) will de-  
fend the local school. Bertha Sebor,  
Clara Haling, and Marguerite Kufalik,  
(with Frances Daugwell as alternate)  
will try to win honors in the ad-  
vanced typing class.  
In the 60 word shorthand dictation  
Ruth McCormick, Martha Westlake,  
and Lillian Hawkins will compete. In  
the 80 and 100 word division the fol-  
lowing will try for honors: Frances  
Griffin, Clara Haling, and Bertha Se-  
bor.  
This is the third year that Antioch  
High school has sent representatives  
to the contest.

## Lake County Schools Will Get Less Money This Year From State

State school funds to be distrib-  
uted among rural districts in Lake  
county this year will be approximate-  
ly \$90,000 less than last year, ac-  
cording to word received from Spring-  
field by T. A. Simpson, county super-  
intendent of schools.  
Mr. Simpson explained that the  
reason this year's amount will be  
lower is that Lake county is now rec-  
ognized by the state educational de-  
partment as ranking first in the state  
in elementary school equipment and  
facilities and that additional funds  
are needed in downstate counties  
where school conditions are com-  
paratively poor.  
Exact amount of money Lake coun-  
ty is to receive will not be announced  
by the state until about June 1. Coun-  
ty Treasurer Jay Morse will turn  
over the money to Mr. Simpson, who  
determines the amount each school  
shall receive out of the state tax col-  
lected June 15.

## BERTHA CARROLL TO GIVE PROGRAM HERE ON MAY 13

Bertha James Carroll, daughter of  
Mr. and Mrs. J. C. James, will be in  
Antioch May 13 to give a concert in  
the Methodist church. Mrs. Carroll,  
who is well known as a vocalist and  
who has sung here many times will  
be assisted by several other artists.  
The concert will be under the aus-  
pices of the Ladies' Aid society.  
Mrs. Carroll's son, Edward, Satur-  
day won first place in a high bass  
solo contest held in Urbana. The  
contest was part of the sixth annual  
Illinois School Band contests.

**Tall Structures Sway in Wind**  
The Eiffel tower in Paris, 984 feet  
high, swings as much as three feet in  
a heavy gale, but the Woolworth build-  
ing in New York city, 792 feet tall,  
and other buildings do not move more  
than one and a half feet in high  
winds.

## Stars on Track Team

Everett Mossman, star trackman of  
the University of California track  
team, was an outstanding performer  
at the Stanford-California track  
meet held at Berkeley.

Maybe You Never Tried It  
But Try An Editorial  
Today.  
Some like chocolate, ice  
cream, some don't. Some like  
spinach, some don't. The  
reason some persons do not  
like spinach is because they  
have never tried eating it.  
The reason many readers do  
not like editorials is because  
they have never tried reading  
them. Of course an editorial  
won't appeal to 100 per cent of  
the readers any more than all  
news stories do. A great many  
subscribers to THE ANTIOCH  
turn to the Eagle Eye column  
each week, yet fail to read the  
editorials on the same page.  
There is at least one local edi-  
torial often two or three.  
This week the lead editorial  
tells of the new project being  
advanced by the Antioch High  
school agriculture students.  
Often editorial subjects are  
suggested by readers. Such  
suggestions are wanted—and  
will be used unless contrary to  
the policies of the paper.

## REX BONSER IS NEW HEAD OF TROOP 62

Kenneth Hills, Harold Nel-  
son, and Frank Crandall  
Are Elected.

Succeeding the Rev. A. M. Krahls as  
Scoutmaster of Troop 62, Rex Bonser  
took charge of the meeting Tuesday  
night.

Mr. Bonser is a member of the  
American Legion and his association  
with that organization will probably  
be beneficial to the scouts, since the  
Legion and scout members in Anti-  
och co-operate extensively.

Sherman Ferris is the only member  
of the troop committee yet ap-  
pointed. Two others will be named.  
A special election was held at  
Tuesday night's meeting. As Dan  
Williams has been filling the office  
of scribe temporarily, Kenneth Hills  
was elected to fill the position. To  
succeed Leonard Krahls who has  
moved to Edison Park, Harold Nel-  
son was named treasurer. Franklin  
Crandall was chosen quartermaster.  
These offices will be held until the  
annual election in November.

Raymond King was elected to  
membership in Troop 62, and was as-  
signed to the Panther patrol of which  
Robert King, is leader. There are  
still several vacancies in the troop.  
Any boy who will be 12 years old  
within six months is eligible to be-  
come affiliated with the scouts, al-  
though he cannot officially join until  
after his twelfth birthday anniver-  
sary.

Plans for hikes were made at the  
meeting. Scout meetings will be  
held Tuesday night of each week at  
7:30 o'clock in the Methodist church.  
Mr. Bonser, in taking up his duties,  
stressed the importance of prompt-  
ness. During the first 20 minutes of  
each session games will be played.  
There is still a need of men to  
teach various branches of scouting.

## FOX LAKE FIRM MODERNIZES STORE

Making their store into a thor-  
oughly modern retail establishment has  
been the task of A. Lehmann and C.  
Burger, partners in the Fox Lake  
Paint and Hardware company. "Sold"  
on modern methods as practised by  
the largest successful retail establish-  
ments, Lehmann and Burger have  
discarded the old equipment of the  
store-keeper and have installed the  
modern display system of the mer-  
chant. The new equipment consists  
of the latest in store fixtures and  
practically all merchandise is on dis-  
play.  
The improvement makes the Fox  
Lake Paint and Hardware company's  
store rank as one of the best in Lake  
county.

## HOUSEHOLD GOODS OF KRAHL FAMILY MOVED YESTERDAY

Household goods belonging to the  
Rev. and Mrs. A. M. Krahls were moved  
to Edison Park where the Krahls  
are now making their home.  
Mr. Krahls resigned his position as  
pastor of the Antioch Methodist Epis-  
copal church two weeks ago, so that  
he might enter the services of the  
Pure Milk association.

## REPORTS OF PHYSICAL EXAMINATIONS REVEAL MANY GRADE PUPILS ARE NOT VACCINATED

Reports of the physical examina-  
tions given grade school pupils in An-  
tioch by the Lake county health de-  
partment have been received by W.  
C. Petty, principal of the Antioch  
school.

Along with the report came a sug-  
gestion from Miss Theda Waterman,  
nurse in charge of the examinations,  
that a vaccination campaign be stag-  
ed. One hundred and twenty-one  
children of the grade school have not  
been vaccinated. An epidemic of  
small pox, Miss Waterman said,  
might cause considerable trouble un-  
der these conditions.

There were 216 pupils examined,  
weighed and measured. Thirty-  
seven children were found under-  
weight; 170 of normal weight, and  
nine overweight. Twenty-five had  
faulty posture, and 170 good posture.  
Normal vision was found for 138  
pupils, while 34 had defective sight.

Under defects the list reads: nose,  
75; throat, 72; glands, 13; skin, 5;  
teeth, 107; and other defects, 7.  
Since the last examinations, about  
a year ago the following cor-  
rections were made through co-opera-  
tion of parents: tonsils and adenoids,  
35; vision, 18; teeth, 34; and club  
feet, 1.

Letters have been sent to parents  
by Mr. Petty, asking the parents to  
bring the nurse's reports for their  
children to the school for conference  
with the teachers. The letter reads  
in part:

"There is a close relationship be-  
tween the child's health and his  
school work. The health examina-  
tions require considerable effort on  
the part of the nurse and the school,  
and should not be treated with in-  
difference. A conference concerning  
the report will benefit the child, the  
parent, and the teacher."  
Since the letters were sent out,  
many parents have come to the  
school to discuss the reports of their  
children's health.

## BERTHA SEBORA IS AWARDED GOLD PIN IN CHAPEL FRIDAY

Making only two errors out of  
4,747 strokes in a typing contest won  
for Bertha Sebor a gold medal which  
was presented at the chapel services  
at the Antioch High school Friday.  
Miss Sebor, who is a senior in the  
commercial department, is the first  
person in the Antioch school ever to  
win a 60-word pin. The award is of-  
fered by a leading typewriter manu-  
facturing concern. Miss Gladys Tal-  
ling is commercial teacher.

**You Can't Beat Em!**  
An American, an Irishman and a  
Scotchman dined together at a fas-  
hionable hotel. Upon finishing the din-  
ner the American displayed a \$5 bill,  
which he leisurely rolled up and used  
to light his cigarette. Not to be out-  
done, the Irishman took out a \$10  
bill, which he rolled and used for  
lighting his pipe. And the Scotchman,  
nothing daunted, drew a checkbook  
from his pocket, wrote out a check for  
\$10,000, and used it for lighting his  
cigar.

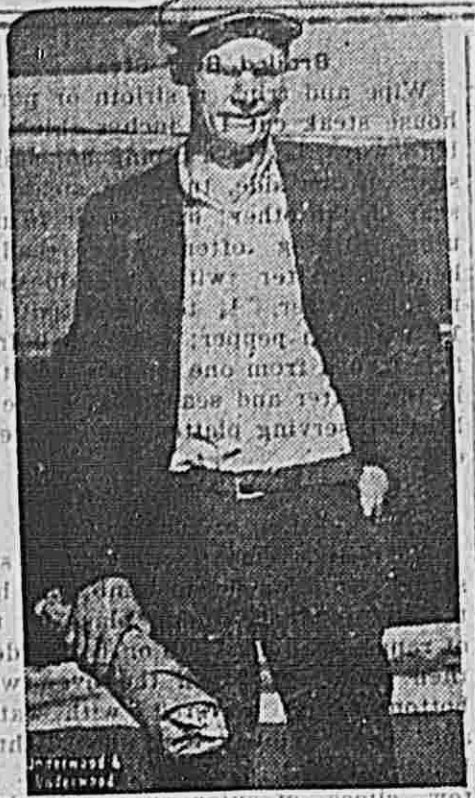

## STOVES AND EGGS

Rosing Sells One And Pierce  
Sells The Other, But By  
The Same Methods.

A man who is elected super-  
visor of a township is supposed  
to know what it's all about.  
William Rosing hasn't had an  
opportunity to show what he is  
going to do for Antioch town-  
ship, but there's one thing he  
knows sure enough—that is  
that it pays to advertise in the  
classified columns of THE AN-  
TIOCH NEWS. Last week Mr.  
Rosing advertised that he had a  
stove to sell and he ordered  
that the ad run several weeks.  
Within 24 hours after the paper  
was printed the stove had  
been sold on the strength of  
the ad.

Although Roy Pierce isn't  
supervisor, he knows that it  
pays to advertise in THE  
NEWS. He has inserted a  
great many classifieds this  
spring, and yesterday he or-  
dered some continuations.  
When asked if he weren't get-  
ting any results he grinned  
from ear to ear and answered:  
"Of course I am getting good  
results. I'm selling duck eggs  
and more duck eggs!"

## First Airplane Hobo

The first airplane hobo, Carl Ellis,  
of Oklahoma—photographed at El  
Paso, Texas, after he tumbled out of  
a baggage compartment of a T. A. T.  
plane, piloted by E. C. Rowe from Blu  
Spring. No charges were preferred  
against Ellis, whose novel "blind-bag-  
gage" ride amused officials of the mu-  
nicipal field.

## MONEY FROM FIGHTS WILL PROVIDE ROOM AT NEW HOSPITAL

Ex-service Men of Lake  
County Will Be Ben-  
efitted.

Several hundred dollars were clear-  
ed by the Forty and Eight, American  
Legion men of Waukegan, as the re-  
sult of the boxing show given at the  
Antioch Palace Monday night. The  
money will be used to furnish a room  
for ex-service men in the St. Therese  
hospital, Waukegan. Dick Mack  
donated the use of the Palace, and  
none of the fighters charged for their  
exhibitions.

The results of the fights follow:  
Grover Alexander, North Chicago,  
beat Arne Jokinen, Waukegan, in 3  
rounds.

Oscar O'Hannon, Waukegan, beat  
Dud Moore, Chicago, in 3 rounds.  
Earl Ekstein, Newport, Ky., beat  
Tommy Ryan, Detroit, Mich., by a  
knockout in the second round.  
Eddie Leeman, Indianapolis, Ind.,  
beat LeRoy Fouch, Detroit, Mich., in  
3 rounds.

Forbes Beck, Ohio, knocked out  
Albert Graff, Oshkosh, Wis., in the  
first round.  
Bill Snyder, Hartford, Conn., won  
the decision over LeRoy Howard,  
Frankfort, Ind., in four rounds.  
Mitchell Franz, Rochester, N. Y.,  
beat Eddie Butler, Chicago, in three  
rounds.  
Larry Beaman, Youngstown, O.,  
beat Earl Kelly, Cleveland, O., in 3  
rounds.

## FARMERS ATTEND MEETINGS HELD ON WEDNESDAY

Multiple horse hitch demonstra-  
tions were given on the farm of Ed  
Umbdenstock, one-half mile east of  
Gilmers yesterday afternoon. Profes-  
sor E. T. Robbins, live stock exten-  
sion specialist of the University of  
Illinois, was in charge. Another  
meeting for farmers was held at the  
Bert Edwards farm, one mile north of  
Hickory Corners, yesterday morning,  
when the docking, castrating,  
and feeding of lambs discussed.  
Both meetings were under the  
supervision of H. C. Gikerson, Lake  
county farm advisor.

## BANQUET PLANNED AT HIGH SCHOOL FRIDAY, MAY 10

Music and variety entertainment  
will feature the Mother's Day banquet  
program to be given in the Antioch  
High school cafeteria Friday night,  
May 10, under the auspices of the  
Senior Girls' Bible class of St. Igna-  
tius church. Miss Esther Barthol is  
teacher. The banquet is open to the  
public, and tickets are to be placed  
on sale.

## Damage By Fire Estimated at \$150

Damage of \$150 resulted from the  
fire on the roof of the William Girard  
home Monday morning at 9 o'clock.  
Antioch firemen extinguished the  
blaze which is said to have started  
from sparks from the chimney.

## STUDENTS MAKING BEST SCHOLASTIC AVERAGES LISTED

High School and Grade  
Pupils Finish Another  
Six Weeks' Work

Honor students for the fifth six  
weeks of school have been un doubted  
by L. O. Bright and W. C. Petty,  
principals of the Antioch High school  
and Grade school, respectively.

The high school list follows: five  
grades of 90 per cent, Martha West-  
lake; four nineties—Louise Shmonis,  
Ruth McCormick, Dorothy Hughes,  
Homer Edwards, William Nielsen,  
Ward Edwards, and Helen Pachay;  
three nineties—Barrett Snyder, Mar-  
guerite Kufalik, Jasper McCormack,

yard, Emil Kubs, Gertrude Hughes,  
Beatrice Hawkins, Frances Doty,  
Marion Cook, and John Brogan.

## Grade School List

Of the high school seniors, 21 per  
cent had two or more nineties; of the  
juniors, 26 per cent; sophomores, 26  
per cent, and freshmen, eight per  
cent. The percentages having one  
ninety or more follow: seniors, 45  
per cent; juniors, 44 per cent; sopo-  
mores, 42 per cent; freshmen, 28 per  
cent, making an average of 39 per  
cent for the school.

Grade school honor pupils follow:  
fourth grade—Harvey Miller, 93;  
Jayne Allner, 92; Mary Louise Syn-  
der, 91, and Enid Sheen, 88; fifth  
grade—Herbert Jahne, 95; Paul

nice Jensen, 93; Marjorie Crowley,  
92; Richard Voorhees, 90, and Jack  
Panowski, 89; eighth grade—Billy  
Brook, 95; Hazel Hawkins, 94; Es-  
telle Lukas, 90; Joseph Pachay, 90;  
Marjorie Singer, 88, and Dorothy  
Musch, 88.

## BRUCKMAN LEAVES CORONA COMPANY; WAS HERE YEAR

To become affiliated with a Milwau-  
kee firm, C. J. Bruckman has resign-  
ed his position as superintendent of the  
Corona Pen company. The  
resignation was effective last Satur-  
day. Mr. Bruckman was with the  
Corona company for one year, com-  
ing here from Janesville and the  
Parker Pen concern.

The Bruckman family will remain  
in Antioch until the close of school  
in June.

## The Cashew Nut

The Cashew nut or cashew is the  
fruit of a tropical tree, anacardium  
occidentale, which can be grown in  
this country only in southern Florida.  
The tree grows 20 to 40 feet high and  
is large and spreading. The nuts are  
kidney shaped or heart shaped, the  
size of large beans, and are borne on  
fleshy receptacles called cashew ap-  
ples. The edible kernels of the nuts  
are roasted in oil and salted like al-  
monds.

## Elephantine Personality

Personality has its place in the an-  
imal kingdom just as in the human  
family. The hyena is a sneak. The  
lion is a slugger, a poser. The leop-  
ard is a cat. The monkeys and apes  
are buffoons. The elephant is every-  
thing.—Farm and Fireside.

## How to Be Well Dressed

To be well dressed, a woman must  
know the new and then with greatest  
care, select from that what is best  
and most suitable for her to wear.—

New Meal Hints

There are two general principles governing the cooking of meats, which are: first—All roasts should be placed in a very hot oven, and some cooks prefer to sear them in a hot griddle before placing them in the oven. The outside surfaces become slightly solidified, thus retaining all the rich juices. Similarly the outside surfaces of steaks should be seared for the same reason.

Second—All meats for soups or stews in which all or part of the juices are required separated, should be placed in cold water, and allowed to come to a boil. This permits of the extraction of the juices, as the outside surfaces are kept soft.

## Meat or Chicken Pie

Make dough as for baking powder biscuit. Have meat or chicken boiled tender. Line baking pan with dough to within an inch from the bottom, lay meats or chicken in, put in some gravy, butter, salt and pepper. Cover with crust of dough, bake about 30 minutes. Any form of meat, game or rabbits can be cooked in this way.

Bed Time  
TalesALL ABOUT WHAT THE  
LITTLE CHILDREN ARE  
DOING IN ANIMAL WORLD

BY V. LUDEL BODEN

"I'm going to be in a play at school, so I am," Johnny Ape announced to his mother when he came home one day.

Mrs. Ape was making a great deal of noise mixing coconut fritters, so she asked:

"What did my precious say?"

Johnny was all excited as he answered: "I'm going to be in a play and I have to act like I am a little old doctor and a whole lot of people is going to come."

Mrs. Ape kissed Johnny.

"My! my! but you are excited!" she exclaimed. "You mustn't say a whole lot of people is going to come, but you must say 'a great many persons are going to come.' However, Johnny, I certainly am glad that you are going to be in the play."

"And there are going to be big boys and girls in it, too, big boys and girls from the seventh and eighth grade, you see."

"Isn't that fine!" exclaimed Mrs. Ape as she gave her little boy another great big kiss and dropped a big coconut fritter in some hot grease.

"And I have to practice, too, so I do," Johnny Ape said. He was much more interested in the play than he was in the delicious coconut fritters. Usually Johnny was very excited when he watched his mother prepare his favorite food.

Well, Johnny did practice and he practiced and practiced and practiced some more. Finally the night of the play arrived. The play was given in the opera house and long before the curtain was to go up, the building was filled with persons who wanted to see the play called "Just in Time."

Oh, the play was very, very exciting. Everyone in the audience became so interested and so thrilled, but don't you know that the funniest thing happened! You see, Johnny Ape is such a young monkey that he is not used to being up late at night and while he was waiting for the show to start he became very, very sleepy. Johnny didn't take a nap in the afternoon because he had to go to school and after school he was so excited to sleep.

During the play one little animal girl who was acting like a rich woman screamed:

"Ahhhhh! I have broken my leg and I shall die if I do not get help at once!" Of course, she really hadn't broken her leg, she was merely acting as though she had because it was part of the play.

Just as she screamed, Johnny Ape who was supposed to act the part of the doctor was supposed to rush on the stage and cry:

"Lady! lady! pardon me, but I was going by your window and I heard you shout that you were in pain. I am a doctor and I can fix you up."

But Johnny didn't rush on the stage at all. He was asleep. The little animal girl kept shouting and back of

the stage one of the teachers was waking Johnny who was in the midst of a big dream.

"Get on the stage, get on the stage," the teacher said as she shook Johnny and handed him a little medicine grip.

Johnny rushed on the stage but he wasn't quite awake. In fact, he didn't know just what he was doing. He ran on the stage as fast as he could and he saw the little animal girl screaming.

"What's the matter? What's the matter?" Johnny shouted, never thinking about the play. He was not awake yet—that is he wasn't clear awake. "I call the doctor," he said.

The little animal girl looked at him in surprise. One of the teachers back of the stage whispered loud enough for Johnny to hear:

"Johnny, say your part—lady, lady, etc." All at once Johnny remembered! What was he to do? He knew now that the little animal girl really wasn't hurt and he knew that the little animal girl really wasn't supposed to be a doctor and that he should not have said he would

## Tweed Sports Dress

A striking sports dress is this tweed costume of beige with patters of king's blue woven into the material. The skirt is plaited and the severely plain jumper shows a V neckline. A handkerchief scarf, showing shades of beige and blue, trims the frock, and low-heeled oxfords, showing a tongue trimming, complete the costume.

this it may cook more slowly. When about half done season with salt and pepper and dredge with flour; baste frequently. A roast of from 4 to 6 pounds will require 1½ hours to be properly done and leave it a little rare inside.

call a doctor. But Johnny thought quickly and he made everything all right by saying:

"Well, well lady, I was only joking when I said I would call a doctor. I am a doctor and I can fix you up. I heard you shouting as I was going by the window." Well, Johnny said his speech so well and he had rushed on the stage so very excitedly that the audience was laughing and Johnny hadn't meant to be funny at all! The play was much better than it would have been if Johnny hadn't gone to sleep and hadn't gotten mixed up on his part. After the play was over, Johnny expected that the teachers would scold him for forgetting his part and for going to sleep, but instead of that they grabbed him and kissed him and told him what a dear he was! Johnny was so surprised he didn't know what to do.

He was more surprised the next day, however, when the Antioch News, the newspaper, had his picture on the front page, and a story saying that Johnny was the best and funniest actor in the show.

And here Johnny hadn't meant to be funny at all! It was just a mistake!

GRADE SCHOOL PUPILS  
TELL HOW TO CLEAN  
YARDS FOR SPRING

"Clean-Up-Week" as sponsored by the fifth grade of Antioch Grade school under the direction of Miss Illus Royal, teacher, closes May 4. The children have not only been active in cleaning up places about their homes and the school, but have also written compositions. The hints in compositions are worthy of consideration by home owners.

Kenneth Mortensen wrote: "To improve my back yard I would pick up all the stray cans and put them in a box with a cover on. For in those cans water will fill and flies will lay their eggs, and flies will become more numerous and spread disease. I would have flower beds and bushes planted. Perhaps a lilac tree or two would make the place look better. Thick grass mixed with clover makes yards look good if mowed often. Trees should be trimmed and sprayed. If everyone tried to keep his yard clean, Illinois would be one of the pleasantest states."

## Would Call Junk Man

Herbert Jahnke told how he thinks a yard could be improved: "First of all I would sell the cans and junk to the junk man. Then I would burn the sticks, stones, and leaves. I would fill in the ground in back of the barn with rich, black soil and plant corn, potatoes, beets, onions, carrots, lettuce, cabbage, pumpkins,

## Omelet

Four eggs, whites and yolks beaten separately, 2 tablespoons milk, 1 teaspoon cornstarch or flour dissolved in milk, season with salt and pepper; turn into buttered frying pan. When browned on the underside, place a plate over the pan; turn the omelet out and fold.

## Poached Eggs

Carefully break 1 egg at a time into a frying pan partly filled with salted water nearly boiling hot; baste with the water until white is firm; serve boiling hot. Milk may be used instead of water.

## Scalloped Eggs

Slice 6 hard-boiled eggs thin, place a layer of cracker crumbs in a basin, then a layer of eggs, put salt, pepper and butter on each layer, put these in alternately and moisten with milk, place in oven and when it is well browned serve warm.

## Scrambled Eggs

Beat eggs with 1 tablespoon milk for each egg; season with salt and pepper; melt 1 tablespoon butter in frying pan, turn eggs in and stir constantly until a light-yellow mass.

## Baked Eggs

Carefully break eggs in buttered granite pie pan, add salt, pepper and bits of butter, bake until white is set.

## Covered Wagon

(This imaginative story, true in its background, tells of the hardships and enjoyments the westward pioneer encountered in the settlement of the Northwest Territory. It was written by Bernice Jensen in connection with seventh grade history work of westward expansion.—D. Patterson, teacher.)

### The Story

(Continued from last week)  
"All summer we boys and father cleared the land of brush and trees. It was too late to plant much so only a few potatoes and a little corn were planted.

"Dad made the furniture which consisted of a table, a clap board on four legs, some three legged stools, a four legged hickory bark, and a loft under the roof was the boys' bedroom. The bed was a couch of deer and bear skin. Dad caught a huge bull elk and we boys called the skin old Ellick and on cold nights there was a scramble as to who should have it because it was so warm. A huge fire place was about the only means of light at night. Here fowl and meat were roasted by hanging them up with leather strings. The baking was done in the Dutch oven on the hearth or in the out oven outside. The table furniture consisted of handmade platters, noggins and bowls. The cabin was always neat and clean and mother was tailor, shoemaker, soap maker, as well as housewife. Her clothing consisted of a dress, poke bonnet, jacket, petticoat, and moccasins. In every home there was a hand mill and hominy block.

"Father made guns, plows, and implements of all kinds. There were many dangers. Indians, cold, storms, rattlesnakes, and copperheads were some of the dangers encountered. His clothing consisted of a fur cap, hunting shirt, leggings or trousers and moccasins.

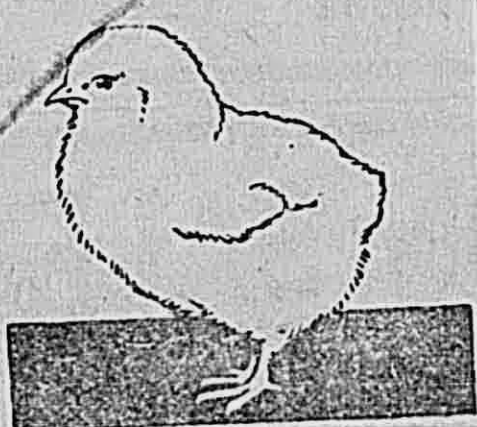

"The families went together and built a stockade fort. This was a square palisade of upright logs, loop-holed, with strong block houses at each corner, and a large door or gate which could be barred if necessary. Inside were cabins where the people lived but only when Indian attacks made it unsafe to live on the farms.

"It seems as if back woods life was one of unbroken toil and hardships but it had its pleasures too. There were house raisings, quilting bees, weddings, etc. After the work was done there was fun and dancing.

"Most of the things were made and produced at home but salt and iron were purchased as they could not be produced on the farm. Not much money was found in the back woods so barter was the only means of trade.

"Winter was always a hard season.

# Now You Can Have ELECTRIC LIGHT On Your Farm

Every farmer wants electric service and plans to have it some day.

With adequate electric light in his barns, the chores can be speeded up as fast on winter mornings and evenings as if they were done in broad daylight. There is no stumbling over things left out of place, or groping in the hay for a buckle or strap that drops. The harness comes down from its peg and over on the horse without lost motion or tangled rein. Waste is stopped. Abundant light avoids spilling grain in feeding and prevents tipping over milk buckets. It aids in keeping the barns clean and safe.

In the home, too, where "woman's work is never done," electricity speeds every-day tasks and helps make the family more comfortable and happy.

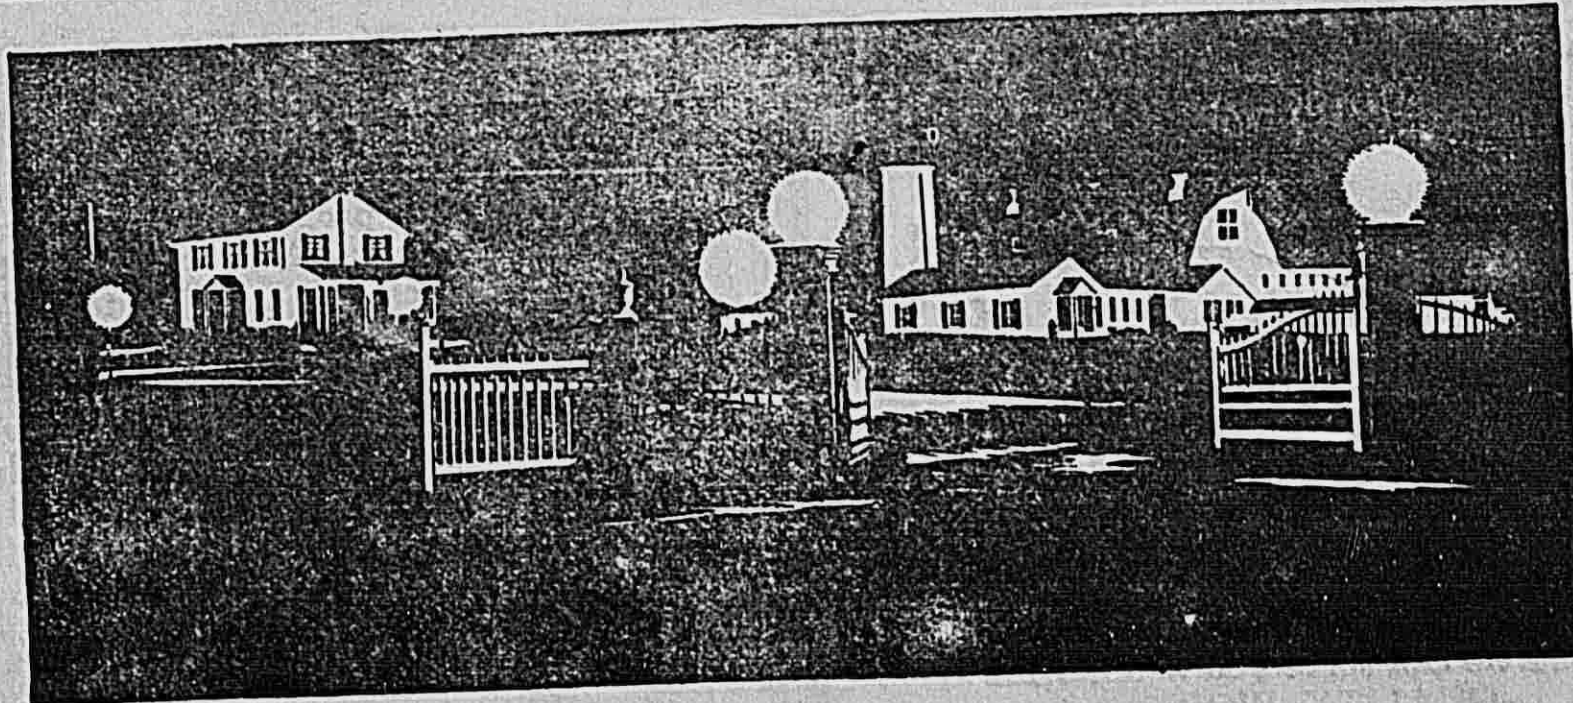

## A New Plan for Extending ELECTRIC SERVICE to Farms

A new plan has been worked out, largely through the advice of farmers, which we believe will hasten farm electrification. A post card mailed to us will bring a special farm representative who will explain complete details of the plan, without obligation to you.

## BOOSTERS WILL TELL WORLD ABOUT LAKE COUNTRY OF ILLINOIS

(Continued from first page)

to have six to eight persons in attendance at all times.

What is the Out-Door Show?

Many of those who have never attended the annual out-door show wonder what it is all about. The exposition held early in May each year at the Chicago coliseum is the world's greatest vacation mart—tells what you can do, where to go and what to use on your vacation; it is a great exposition of "furs, feathers and fun." It is the market place for recreation, and everything that pertains to pleasure in the great out-of-doors. The 40,000 people who attend the show daily see boats, camping outfits, resorts and communities advertised. The advertising creates a desire to possess a certain item or to recreate in a particular locality, providing the item or locality will pass inspection. They go to the recreation market and find displayed several different makes of the equipment they desire or they find exhibits portraying the kind of country in which to spend their vacation. They go from one exhibit to another, talk with the representatives, make comparisons and reach a decision. It saves their time and it saves the exhibitor's time. It is highly concentrated merchandising, much business being transacted in a short space of time.

The resort man or woman, his or her personality, the chamber of commerce representative, the civic leader, his personality, constitutes in a large measure the influencing factor that brings about a quick decision as to where the vacationist will spend his vacation.

Resort Owners' Opportunity

There is still another advantage, and a very important one. The resort man in attendance at the Out-Door Life Exposition can meet many of his former patrons and their friends, renew old friendships and make new ones. He can tell them of additions and improvements—the new boat landing that has been constructed, the new garage erected, the repairs on the road leading to the favorite fishing hole, and any other sidelights that will make the return visit more of a pleasure than in previous years. This gives him the opportunity of clinching the return of

## At The Library

Five new books have been sent from the state library in Springfield to the Antioch library. The books are: Campfires in the Canadian Rockies, Hornaday; Portraits of the Nineties, Raymond; African Game Trails, Roosevelt; Friendly Arctic, Stefansson, and Importance of Being Earnest, Wilde. The books are supposed to be sent back to Springfield by May 22, but if readers in Antioch desire the books for a longer period a renewal may be obtained. The library is open Wednesday and Saturday afternoons of each week.

Almost every week some one gives or loans books to the Antioch library. Ardis Grimm donated several volumes of classics last week, classics which are greatly in demand, according to the librarian. The books have not been shelved, however, because of lack of space.

The old guest and perhaps several of his friends. Possibly all this could be written him in a letter, or printed in a booklet, but will it register as well as when one meets face to face and the information is given orally?

30,000 Folders for Distribution

More than 30,000 folders in colors, telling the story of the Chain O' Lakes, will be given to visitors at Out-Door show. The big advertising program is expected to start the Chain O' Lakes towards this locality's most successful resort season.

Thousands of free passes have been issued for the opening of the show Monday night. Any booster in the region will be glad to give you one or more if you wish to attend Monday night.

Chain O' Lakes exhibit will be located near the center of the coliseum, booths 50 and 51.

**Williams Bay Loses On Silver Lake Diamond Friday**

Williams Bay defeated Wilmot High school in Silver Lake Friday afternoon, 12 to 6. Bloss of Wilmot allowed the visitors eight hits while his team mates got 10 safe hits off Peterson. For Wilmot, Bloss, Madden, and Burton hit for extra bases. Bloss hit only triple while Burton had two doubles. Hartmann contributed two singles to the Wilmot offense. For Williams Bay, Peterson had two singles and a double, Fleming had singles, and Gates added a two-base hit. Seven men were struck out by Bloss while Peterson struck out four.

The Wilmot team will play Mukwonago on the Silver Lake diamond on Wednesday. Although the game is not a conference game a victory over the strong Mukwonago team would mean much to the Cardinal and White players. Wilmot now has a standing of 15-10 in the Southeastern Wisconsin Conference with one victory and one defeat.

A group of alumni and parents met at the school Monday evening and drew up plans for the banquet to be given for the graduates of 1929 and for the alumni of the school. The banquet will be given Saturday evening, May 18, in the gymnasium. The various committees for the banquet, invitations, and program have been appointed and the work has been well advanced.

Friday morning in assembly six members of the basketball squad received letters for their basketball work. Those who received letters are Captain Winsor Madden, Lester Burton, Arthur Bloss, Deane Loftus, Ervin Rasch, and Norman Jedele. The letters were presented by Mr. Schnurr. At the same time two new pictures were added to the athletic pictures of the school. These pictures are of the basketball team and of the basketball captain.

# Residents of Antioch and Community Pledge \$13,500 Toward New Catholic Church Building

Pledging \$13,500 in less than four weeks, the people of St. Peter's church and of Antioch are brought closer to the realization that within a few weeks ground will be broken for the new Catholic church building. The campaign for money has been made by the Rev. Daniel Frawley, assisted by members of St. Peter's church. In addition to the money pledged \$1,100 was raised from a church fair in the Antioch Palace last week. Father Frawley is continuing work toward obtaining additional funds.

Following is a list of those who have contributed:

## Your MODEL T FORD is still a good car

THE Model T Ford led the motor industry for twenty years because of its sturdy worth, reliability and economy. Those same reasons continue to make it a good car.

As a matter of fact, nearly one-fourth of all the automobiles in use today are Model T Fords. Millions of them can be driven two, three and even five more years with reasonable care and proper replacements. Figures show that the average life is seven years.

Don't sacrifice your Model T, therefore, but take it to the Ford dealer and have him estimate on the cost of putting it in A1 shape. A very small expenditure may be the means of giving you thousands of miles of additional service.

For a labor charge of \$20 to \$25 you can have your motor and transmission completely overhauled. This price includes new bearings, reboring cylinders and any other work necessary. Parts are extra.

Valves can be ground and carbon removed for \$3 to \$4. The cost of tightening all main bearings is only \$6. The labor charge for overhauling the front axle is \$4.50 to \$5—rear axle assembly, \$5.75 to \$7.

New universal joint will be installed for a labor charge of \$3. Brake shoes relined for \$1.75. The cost of overhauling the starting motor is \$3. A labor charge of approximately \$2.50 covers the overhauling of the generator.

It will pay you, therefore, to see your Ford dealer and have him put your Model T in good running order. By doing so you will protect and maintain the investment you have in your car and get months and years of reliable transportation at a very low cost per mile.

## FUTURE FARMERS AGAIN!

Once again the Future Farmers of America come to the front with a community program. Is there anywhere a more aggressive group of high school agricultural students than in Antioch? The Future Farmers have accepted the plan to beautify the farms of this community through a long time project which was launched this year. The original idea was presented by C. L. Kuttel, teacher of vocational agriculture, and the plan was perfected by Harry Johnson, an Antioch High school student.

Each member of the Future Farmers is to receive a given amount of nursery stock each year. Each youth has his choice of plants, shrubs, or trees, so that he may choose whatever he thinks most suitable for his home farm. The club will purchase the stock, but then it is up to the members to care for it. This year 36 members have been supplied with nursery stock. During the last two weeks the plants, trees and shrubs set out have included: 30 apple trees, four pear trees, 17 forest trees (such as spruce, pine, and elm), 40 raspberry bushes, 30 grape vines, 85 flowering bulbs, 500 strawberry plants, four flowering shrubs, and 25 rose bushes.

This program inaugurated by the Future Farmers will be carried out indefinitely until such a time when other needs of the farm home will demand the attention of these youthful crusaders. The Antioch High school agriculture students certainly deserve the support and co-operation of the community in whatever is undertaken. Perhaps no high school has a more wide awake group of "ag" students than has the local one. Hats off!

## WHY THE CHILD NEEDS PLAY

Play has been defined as those human activities which are free, spontaneous, and pursued for their sake alone. It is the activities carried on with no other motive than to get pleasure.

The play instinct is implanted in human beings for a far more important reason, however, than merely to acquire pleasure. It is nature's fundamental method of development and of education.

For the adult, play may take some form of exercise or the cultivation of a sport, it may be the pursuit of a "hobby." It may mean contact with people and minds not met in the course of the daily occupation, perhaps it is seeing fine pictures or listening to beautiful music—any form of relaxation which refreshes, stimulates, and re-creates vitality or which broadens the mental outlook and develops personality.

But to the child play does not mean the diversions the adult chooses for his recreation. Play, which is his chief business, to the child is primarily motor activity. He needs play to work; he needs it for quickness of mind and of body; for ability to correlate mental and bodily activities. Through it, heart, lungs, blood vessels, and nervous structures are strengthened and grace of motion and beauty of figure are developed. He needs play as a vehicle through which to rehearse adult experiences, further his instinct of imitation, and train his power of imagination.

During the last few years there has been a great awakening to the value of play as a force in the life of the child and effort is being made by many municipalities to combat evil influences of city life and of industrial and social systems which separate children from parents for much of the day by giving youngsters a chance for healthful activities under proper methods of supervision.

Play under proper leadership and supervision influences for good not only the physical and mental health, but furnishes valuable training in citizenship and character formation. It secures obedience, instills courtesy, consideration for others, self-restraint, love of fair play, loyalty and unselfishness. These qualities developed in the child go far toward making the law-respecting citizen, the good neighbor, and the helpful member of the community. The last week, and continuing until May 4, has been proclaimed by Governor Louis Emmerson as Health Promotion Week. The Illinois State Medical Society Education committee has been co-operating with a publicity program.

Calvin Coolidge has accepted a position with a life insurance company but somehow or other we can't visualize his trying to talk somebody into a twenty payment policy.

Cheer up if you are a little short of real money. It is reported that Henry Ford has \$72,000,000 less in his cash account than a year ago.

One of the popular songs of the day is entitled "I'll Get By" and the trouble is that too many people these days are satisfied with just that.

The old fashioned man who used to leave home early enough every morning to shake hands with the milkman has a son who gets home early enough in the morning to do the same thing.

We don't know anything about the election prospects over in Great Britain, but the Tories must be in desperate straits as they are now offering the voters cheaper tea if they win at the election.

According to Paris experts the style of dressing the hair indicates one's political and philosophical opinions. Does this mean that a bald headed person has no opinions?

It pays to keep a few Red Tops handy on the farm

NEXT time you are in town drive around and load on a few bundles of Red Tops—keep them handy on the farm for emergency fence repairs.

Then you are always in position to replace rotting wood posts or to strengthen weak spots in the fence line without delay—and probably save considerable loss of crops or stock or both.

And if you want to throw up a temporary fence the posts are handy—you can do the job while you have the time—no waiting until you can get a chance to come in and get the posts.

You'll make no mistake in using Red Top Steel Fence Posts for every post need—they are guaranteed.

Red Top  
GUARANTEED  
Steel Fence Posts

Made of tough, springy rail steel they prolong the useful life of any fence—holding it in steady security for many years. Easy to drive. One man with the Red Top One Man Driver can drive 200 to 300 a day—this makes fence building and repairs with Red Tops a quick, easy and permanent job. Come in and let us show you the points of superiority of the Red Top.

At 2:30 the preliminary tests in spelling and dictionary drills will be given. The spelling words will be 100 chosen from the "100 Dangers," Mahoney's lists, the 48 states and their capitals. The dictionary test will be a speed page-location test of 30 words, expressions and phrases.

At 3 o'clock the upper half of those participating in the elimination spelling and dictionary tests will write their finals. The spelling words will be chosen from Hunt's Progressive Word lists starting on page 97, grade five. The dictionary test will be similar to those prepared by Mr. Cavin.

To any one of these contests, any pupil of grades 5, 6, 7, and 8 is eligible and urged to enter. Suitable prizes will be awarded.

If the weather is suitable there will be a May Pole dance and a baseball game after 3 o'clock.

## CUPBOARD NOT SOLD

Clyde Wentworth's Cupboard has not been sold as was reported around town last week. "I am in business for keeps, and I don't see how such report got started," Wentworth said. Just another prank of old Dame Rumor—and her willing assistants.

### New Six Cylinder

### CHEVROLETS

since Jan. 1st

Sweeping constantly ahead to greater and greater heights of popularity...making and breaking new records of success with impressive regularity...the new Chevrolet Six has established one of the most remarkable records in automotive history—more than 500,000 on the road since January 1st!

Not only does this brilliant accomplishment surpass the greatest record that Chevrolet has ever achieved in the past—but it brings to Chevrolet the significant honor of having built in only four months a greater number of six-cylinder cars than any other manufacturer has ever produced in an entire year!

Even with such a record to focus attention upon the outstanding value of the Chevrolet Six—many people still do not appreciate what "a Six in the price range of the four" actually means!

To such persons, consideration of the features responsible for this tremendous popularity will prove a revelation. So read the adjoining column carefully—and then come in and ask for a ride in this sensational six-cylinder car.

COMPARE the delivered price as well as the list price in considering automobile values. Chevrolet's delivered prices include only reasonable charges for delivery and financing.

## Outstanding Features of the New Chevrolet Six that have created this Tremendous Popularity—

### 6-Cylinder Smoothness

Due to the finer inherent balance of its six-cylinder motor—the new Chevrolet Six provides that smooth, quiet, flexible performance which is characteristic of the truly fine automobile. At every speed, the power is delivered easily, freely and without annoying vibration.

### 6-Cylinder Getaway

In sheer brilliance of performance, as well as in smoothness and quietness of operation, the new Chevrolet Six is a revelation. Acceleration is remarkably fast. And a new non-detonating cylinder head eliminates every trace of "lugging."

### 6-Cylinder Speed

The new Chevrolet Six has speed in abundance—but even more important than its speed is the smooth, quiet, restful comfort you experience at every point on the speedometer. You can open the throttle wide with a feeling of complete security.

### Better Than 20 Miles Per Gallon

The marvelous performance of the Chevrolet Six would be exceptional in any car. But in the new Chevrolet Six it is actually sensational—for here it is combined with an economy of better than 20 miles to the gallon of gasoline!

### Exceptional Riding Comfort

Another vital factor that has influenced over a half-million people in their selection of the new Chevrolet Six is its marvelous riding comfort. It travels smoothly over rough roads—and its balance on turns and corners is exceptional.

### Beautiful Fisher Bodies

Longer, lower and roomier—finished in attractive, long-lasting colors—and upholstered in rich, deep-tufted fabrics—the new Fisher bodies on the Chevrolet Six introduce into the low-price field an entirely new measure of style and distinction.

### Proved Dependability

Tested for more than a million miles on the roads of the General Motors Proving Ground—the new Chevrolet Six went into the hands of its owners thoroughly proved in every detail. And now reports of its performance on the highways of the nation pay glowing tribute to its endurance and dependability.

### Amazing Low Prices

An achievement that surpasses even the brilliant performance qualities of this sensational six-cylinder car are the prices at which it is offered. Study these prices, and compare them with any other car and you will recognize the remarkable value represented in this Six in the price range of the four!

## BRISTOL NEWS

Mrs. William Lasco and son, Antioch, visited at Louis Krohn's Sunday. The Ladies' Aid society will meet Thursday afternoon with Mrs. Pike. The German Ladies' Aid society will meet Thursday afternoon with Mrs. A. C. Berg at the parsonage. Mr. and Mrs. Edward Fircroch were called to Kenosha hospital Monday by the serious illness of their daughter. Alfred Pohlman has accepted a position in the First National bank, Kenosha. The concert given Thursday evening by the Simmons' Male chorus, directed by Maurice G. Irvin, Chicago, was warmly received. Mr. Irvin's efforts toward exactness of time and expression were evident. His dramatic power in the song "Lone Dog" was well worth the price of admission. The program was first class throughout. The accompanist, Esther Ostlund, was equally good. The Rev. David Johnson began a series of lectures Sunday evening on "The Church in History." His use of the blackboard made the sermon impressive. (38p)

# PINKIE MITCHELL MEN AGAIN ARE TO INVADE ANTIOCH PALACE RING

## Munsell and Conn Are to Fight in Windup Tomorrow Night

"Cream of the Cream City Fighters" in the form of representatives from Pinkie Mitchell's gym in Milwaukee will invade the Antioch Palace ring Friday night when seven all-star bouts are promised.

Featuring the evening's entertainment will be the fights between Willard Munsell and Don Conn, 116 pounds, and Frank Loomis and Buddy Beyers, 160 pounds. Ernie Jokinen is to have Charles Negroe for an opponent. Charley Zahmale will meet Walter Siren. Other fights listed are: Ernest Evans vs. Joe Drinka; Fred Weibel vs. Ted Berg; and Stanley Bauman vs. Billy Van.

## Tramblis Wins

Return matches between Ray Tramblis, Central A. A. U. champ, and Eddie Burke, 1928 A. A. U. champ, are common events. The matches are always close. Last Friday night out of the blue sky, apparently, Tramblis landed Burke a blow which resulted in Burke taking a count of nine, rising to his feet in a dazed condition and then having the fight stopped by Referee Jabber Young. Tramblis had won the decision by a technical K. O. Although Tramblis and Burke have fought several times this is the first kayo on record.

Burke started the fight cautiously, but about the middle of the opening period he let go and there was a mad and furious exchange of blows. Both men landed some hard and solid punches and when the gong sounded punches and when the gong sounded a proverbial battle royal was in progress. The second round was a wild one, too—an exhibition of some real boxing. Then in the third came the deciding moment. The crowds cheered Burke for his good sportsmanship.

## Juhrend Wins, Too

Another fast contest was the one between Bobby Juhrend and Joe Jordan. The bout was a close one. Jordan started out giving some hard punches, but Juhrend stood his ground and didn't give in at all. Besides, he landed some hot ones, my sides, he scored heavily with his left jab. Jordan's attempts to floor Juhrend were in vain.

## Beyers Loses

Buddy Beyers was defeated, but it took Strohecker four rounds to get the decision. The first three rounds were good, but both men were tired in the fourth and the round was slow. Frankie Hughes fought circles around Jack Derr, Rockford. Hughes was so much better than Derr that there were just three periods of mauling. Derr was down for a count of nine in the second round, but managed to get up and last through the fight.

Lou Bruckman won over Fred Lang and Chet Ferguson was defeated by Carl Ogren in two lively battles. More than 800 fans witnessed the exhibitions.

## Passing Observation

Monday morning mulls would be even heavier if all those who listened in on the sermons broadcast on Sunday—or say they do—sent contributions for the collection.

# Obituary

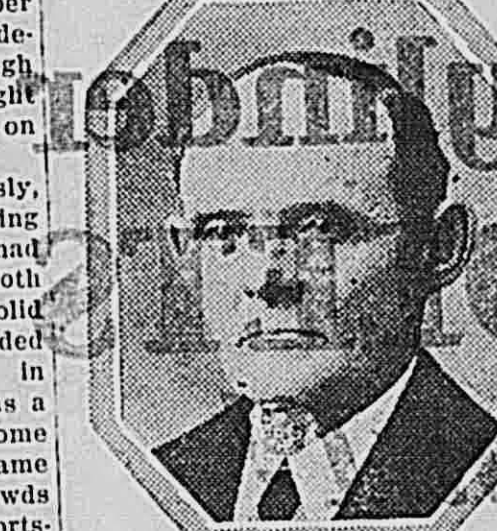

**Mrs. H. B. VAN PATTEN** who died April 19, was formerly a trained nurse of Kingston, Canada. She was the fourth wife of the late David Van Patten, Lake Villa. Mrs. Van Patten was in poor health and this spring came to the home of Jake Van Patten, a cousin of her husband. Mrs. Van Patten's condition kept growing worse and death finally came after a complication of diseases. She was a good nurse and had many friends. The funeral was held April 20 in St. Peter's church, Antioch. The Rev. Daniel Frawley officiating. Mrs. Van Patten was laid to rest in Mt. Carmel cemetery beside her parents.

We wish to thank all those persons who were so kind to us during the death of Mrs. Van Patten by assisting in various ways and by sending floral offerings.

# KONJOLA AGAIN TRIUMPHS IN STUBBORN CASE

## Rheumatism And Stomach Trouble Quickly Routed When New Medicine Goes To Work.

MR. TERRY TAYLOR

"Konjola has certainly proved itself to me," said Mr. Terry Taylor, Route No. 1, West Frankfort. "For several years I had been bothered by a severe case of stomach trouble. Food did not digest as it should, but lay like a rock in my stomach. I suffered after every meal scoring heavily with his left jab. Jordan's attempts to floor Juhrend were in vain."

"Konjola was recommended so highly that I decided to try it. Right from the start I got good results. The rheumatism pains gradually grew less and less, and, less, and then disappeared altogether. My stomach was corrected. I can eat anything I care to. My bowels have been regulated. I certainly recommend this medicine to all who suffer."

Konjola is sold in Antioch at S. H. Reeves' drug store and by all the best druggists in all towns throughout this entire section.

# ANTIOCH HIGH SCHOOL LOSES CONTEST TO WAUKEGAN, 7 TO 2

## Steininger Makes Home Run; Visitors Have Good Team.

Playing the second game of the season Coach Fred Hackett's Antioch High school baseball nine was defeated by the Waukegan High school team 7 to 2 on the local field Friday afternoon.

Steininger's home run in the second inning was a feature of the game. From then on until the seventh, Antioch men reached, but only twice. Waukegan made two earned runs and the others were made on errors. Waukegan has a well-balanced team that can take advantage of breaks.

Tomorrow Antioch will play Leyden on the local field.
